ILLINOIS ADVANCE IS PROUD TO BE RECOGNIZED AS A HEALTHY PEOPLE 2030 CHAMPION!

We are thrilled to collaborate with the U.S. Department of Health and Human Services' Office of Disease Prevention and Health Promotion (ODPHP) as part of the Healthy People 2030 Champion Program.

Healthy People 2030 Champions are organizations dedicated to advancing the mission of the Healthy People 2030 initiative. These public and private entities strive to enhance health and well-being at the local, state, or tribal level.

Being named a Healthy People 2030 Champion is a tremendous honor. We remain committed to expanding our reach and partnering with other organizations to drive improvements in practices and patient outcomes.

REFLECTING ON 2024 AND LOOKING AHEAD TO 2025

As we reflect on 2024, we are grateful for how much we have accomplished and the positive reception of our efforts. This year, our incredible pharmacists conducted nearly 4,000 academic detailing visits, extending our impact to rural counties across Illinois. Our shared mission remains steadfast: advancing public health and improving health outcomes.

We proudly participated in over ten conferences throughout the country and built partnerships with more than a dozen medical residency programs across the state. Through our concentrated and consistent efforts, we have detailed providers in nearly half of Illinois' counties, and our momentum continues to steadily accelerate.

As we approach the end of this remarkable year, we are filled with anticipation for 2025. Our goal is to push the boundaries of academic detailing even further, fostering knowledge and making a meaningful difference.

We look forward to seeing you in the year ahead as we continue this journey together!
